

Ricoh Pro L5160 (Dual CMYK)

Outstanding High Production CMYK Eco-Solvent/Latex 54"/64" Printer

The Ricoh Pro L5160 (Dual CMYK), chosen by Buyers Lab analysts as the winner of the BLI 2020 Pick award for Outstanding High Production CMYK Eco-Solvent/Latex 54"/64" Printer, offers...

- Above average productivity across all quality settings
- Exceptional dimensional stability for precise creation of multi-panel jobs
- Superior usability via intuitive touchscreen and straightforward ColorGate Production 10 RIP software
- Consistently vibrant, high contrast, and photo-like image quality

The Ricoh Pro L5160, in its dual CMYK configuration, gave a standout performance in Buyers Lab's field test, earning high marks for speed, usability, and image quality. "There's much to admire about the Ricoh Pro L5160," said David Sweetnam, Keypoint Intelligence's Director of EMEA/Asia Research & Lab Services. "Clearly Ricoh has focused on making the device more user-friendly, with efficient processes for loading media and ink cartridges. The combination of high-capacity 1,200 ml cartridges, on-the-fly ink replacement, an automatic cutter, simplified and automatic maintenance, and a standard roll take-up system frees up valuable end-user time and increases output."

"The Ricoh Pro L5160's fast speeds allow busy print shops to hit tight deadlines," said Martin Soane, Keypoint Intelligence's European Lab Manager. "It also produced halftone images that were vibrant, sharp, and 3D-like in appearance. Moreover, we noted negligible variations in both colour and size when the Ricoh Pro L5160 printed large panels in repetition, which means any business looking to expand its application scope can count on the device to deliver outstanding output for wall-hanging or other side-by-side display work."

About **Keypoint Intelligence - Buyers Lab**

Keypoint Intelligence is a one-stop shop for the digital imaging industry. With our unparalleled tools and unmatched depth of knowledge, we cut through the noise of data to offer clients the unbiased insights and responsive tools they need in those mission-critical moments that define their products and empower their sales.

For over 50 years, Buyers Lab has been the global document imaging industry's resource for unbiased and reliable information, test data, and competitive selling tools. What started out as a consumer-based publication about office equipment has become an all-encompassing industry resource. Buyers Lab evolves in tandem with the ever-changing landscape of document imaging solutions, constantly updating our methods, expanding our offerings, and tracking cutting-edge developments.

About **Buyers Lab Wide Format Pick Awards**

Based on rigorous testing in the lab or in the field, as well as comprehensive analysis in categories such as image quality, usability, and speed, Buyers Lab Wide Format Picks stand alone in the industry and are hard-earned awards.
